

California State University Fresno - Lancaster University Center

Spring 2005 Engineering Course Offerings

The following engineering courses will be offered by CSUF at the new Lancaster University Center during the Spring 2005 Semester, January 19th - May 19th, 2005. For information on the Four-Year Engineering Program in Electrical, Mechanical or Computer Engineering or Master of Science degree program in Electrical or Mechanical Engineering, please call (661) 952-5029.

Undergraduate Courses

ECE 90	Principles of Electrical Circuits	MWF	01:00 – 01:50
ECE 106	Switching Theory and Logical Design	MWF	09:00 – 09:50
ECE 107	Digital Signal Processing	TTH	09:30 – 10:45
ECE 124	Signals and Systems	MWF	11:00 – 11:50
ECE 128	Electronics I	TTH	12:30 – 13:45
ECE 135	Wireless Communications Systems	TTH	03:30 – 04:45
ECE 136	Electromagnetics Theory and Applications II	TTH	08:00 – 09:15
ECE 138	Electronics II	TTH	11:00 – 12:15
ECE 148	Analysis and Design of Digital Circuits	TTH	02:00 – 03:15
ECE 155	Control Systems	MWF	10:00 – 10:50
ME 112	Engineering Mechanics Dynamics	TTH	11:00 – 12:15
ME 136	Thermodynamics	TTH	09:30 – 10:45
	courses and times are subject to change		

Graduate Courses

ENGR 202	Advanced Engineering Analysis	M	6:00 – 8:50 PM
ENGR 210	Linear Control Systems	T	6:00 – 8:50 PM
ME 220	Compressible Fluids	W	6:00 – 8:50 PM
ME 225	Heat Transfer	TH	6:00 – 8:50 PM
ME 241	Structural Analysis	TH	6:00 – 8:50 PM
EE 255	Digital Signal Processing	W	5:30 – 8:30 PM
EE 231	Digital Control Systems	TH	5:30 – 8:30 PM
	courses and times are subject to change
